Three-Day Empowerment Conference in Fayetteville, North Carolina, October 3-5, 2008 @ ZION CATHEDRAL CHRISTIAN CHURCH 5329 Ramsey Street in Fayetteville, NC

Behold the Light Christian Ministries will be conducting a **three-day Empowerment Conference** in Fayetteville, North Carolina, October 3-5, 2008 @ ZION CATHEDRAL CHRISTIAN CHURCH 5329 Ramsey Street in Fayetteville, NC (www.jonesministries.org). The Empowerment conference will kick off with a powerful Friday Night, "Empowered for the Battle" service at 7:30 p.m. This service is a dress down affair, where many will be adorned in military attire. On Saturday morning at 8:00 a.m., there will be a one hour intense intercessory prayer, followed by five teaching sessions starting at 9:00a.m. We will reconvene on Saturday at 7:00 p.m. for another anointed service. The conference will climax on Sunday morning at 11:00 a.m. with an apostolic activation and impartation service. Throughout the conference there will be dynamic and anointed preaching, liberating praise and worship, soul penetrating MIME and drama ministry featuring (T.Y.G.G.P.) Today's Youth Giving God Praise.

At a time when economic hardships and world calamities are the dominant topics of many news reports, the uncertainty that the next moment holds can lead to anxious feelings of discouragement. Gas prices are soaring at an alarming rate, employees are being shifted and outsourced to foreign countries and the value of the dollar is taking a nose dive steadily everyday; many people are wondering is there any hope. Much like the army of Israel when confronting the Philistines, they were in a state of panic, fear and hopelessness. However, when David saw that Israel's enemy, Goliath, was tormenting the people of the land with fear, he wondered why no one made an attempt to stop him. David said, "Is there not cause..." The giants of defeat, struggle, attacks on your finances, attacks on your family, and all the attacks on your life are the **cause**.

There is good news for the people of Fayetteville, North Carolina and surrounding areas. Not only do you have hope, you also have the victory in this cause! **For this cause, you are invited to be a part of a great Empowerment Conference where you will be inspired to win and empowered to conquer!**

God is using **Apostle Jerome and Prophetess Michelle Cade** to cast forth the light of Jesus Christ through the illumination of prophetic teaching and preaching. They possess a God-ordained ability to operate effectively in the ministry of deliverance, where they boldly confront strongholds with God's authoritative power. This power enables them to release the people of God into His liberty, that they may experience life and that more abundantly. God has trained them for such a time as this!!! The training began when the Lord birthed their ministry on the street of downtown Atlanta. They were instrumental in feeding and ministering to hun-

dreds on a weekly basis, despite all types of weather elements. Many were saved and set free ([visit www.beholdthelight.com](http://www.beholdthelight.com))... God demonstrated his power of deliverance through their ministry with instant physical healings, restoration from crack cocaine and alcohol addiction. Pastors and church leaders who had given up on their individual assignments in ministry, were healed and empowered to return to their ministries with great fervency. Many of the homeless found reason to hope again; they were restored to the working community and reunited with their families. **Behold the Light Ministries** is used by God to help empower individuals to face the giants in life with a "more than conquerors' mentality!" Their mandate is to present light in every area of darkness and to release you from the grips of Satan back to God. In doing so, one will embrace the inheritance that God has established for them by faith (Acts 26:18). Their ministry vision is to get the people of God **linked** with Christ, **locked** in the Word, **loaded** with Power and **launched** into their Destiny calling.

Apostle Jerome Cade is an anointed teacher and visionary. He is known for ministering "out of the box", as he uses modern day teaching applications that you can apply to your daily life. He often receives comments that his teachings are clear, and easy to understand. Due to this truth, many have found it easy to implement his teachings into their own current affairs. His demeanor is one of a very humbled nature. However, when he's engaged in battle and fighting for the souls of people, the presence of God's anointing and grace is evident as he speaks a precise word and confronts darkness with authority. The ministry is further enhanced by the powerful ministry of his wife and co-laborer in Christ, **Prophetess Michelle Cade**. Prophetess Cade is a well known and sought after Prophetic praise and worship psalmist. God is using her mightily to arrest the atmosphere through her singing and exhortation as she prepares the atmosphere for the teaching and preaching of the Word of God and deliverance. The anointing that rests heavily upon her life removes the burden and destroys every yoke. This

prophetically inclined masterpiece of the Kingdom of God penetrates the soul with the Word of God and challenges the will of man to arise and raise their standard of holiness. As a tag team in the Spirit, as well as in the natural, they walk with a strong mantle of grace and power. As a matter of fact, where you see one you will often see the other. They are truly a ministry team ordained by God and many have been blessed by the ministry that God has entrusted and placed upon their lives.

On **October 3-5, 2008**, come join them as they bring the **Empowerment Conference to Fayetteville, North Carolina**. All throughout the conference, the prophetic will be activated to release you from the grips of the enemy and into your destiny! You will not leave this conference the same way you came in! Come expecting a move of God! Come expecting to be **empowered to win for your cause!**

There is a cause!! However, the question remains... Are you ready to be inspired to win and empowered to conquer?
